

25 March 2020

HED remains fully operational in support of Essential Business status

Following the March 24 enactment of “Safer at Home” by WI Gov Evers, per state guidelines and in support of customers holding Essential Business status in military, refuse, construction and fire & rescue markets, HED is considered to have Essential Business status. Only Operations personnel, and those who support them, will be onsite at HED; all others in Engineering, Sales and Admin will be working remotely. We are actively working with our supply chain to keep needed materials flowing and at this time there are no major supply chain issues.

Our top priority is the health and safety of our employees. To this goal, extensive measures to ensure facility cleanliness and social distancing are in effect while keeping operations fully functional. We wish you a healthy and safe next few weeks.

Paul Ludwig
HED President & CEO
